

Milk Shakes

Great children's product with unique interactive twisting container.

Target Market: Children 2 up to 14yrs plus

This product is a blended powder containing sugar derived from Australian sugar cane. The products have been designed to be flavoursome, fresh in flavour and mouth feel. Can be added to all types of milk - Whole, Skim and Soy.

Currently offered in two flavours: Chocolate and Strawberry.

Chocolate formula has been designed so a percentage of the cocoa powder floats on the top of the drink, creating a real chocolate sensation.

Strawberry formula enables the flavour and colour to disperse quickly when added to milk, but leaving a percentage of coloured specs creating an exciting look to the drink, which children love.

Packaging has been designed to be interactive with a twist can, with sporting cow characters, which children can change the clothing of the cow with the twist section of the can.

Directions: Add 2 teaspoons to 200ml of cold or hot milk and stir. Add more to suit taste. Can be made with Full Cream, Skim or Soy Milk.
